[PVC350]

TOP RAIL

D: 1-1/2" x 3-3/8" L: 16'
[PVC012]

SILL

D: 1-1/4" x 4-15/16" L: 16'
[PVC948]

SILL NOSE

D: 1-3/8" x 1-5/16" L: 16'
[PVC937]

BOTTOM RAIL

D: 1-3/4" x 3-1/2" L: 16'
[PVC011]

HISTORIC SILL NOSE

D: 1-3/4" x 2-1/32" L: 16'
[PVC938]

HISTORIC SILL

D: 1-3/4" x 2.05" L: 16'
[PVC738]

1-1/4" SQUARE

D: 1-1/4" x 1-1/4" L: 15'
[PVC237]

BED MOULDING

D: 9/16" x 1-5/8" L: 16'
[PVC075]

CROWN MOULDING

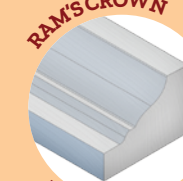

D: 9/16" x 3-5/8" L: 16'
[PVC049]

CROWN MOULDING

D: 5/8" x 4-5/8" L: 16'
[PVC047]

RAM'S CROWN

D: 1-13/32" x 2" L: 16'
[PVC068]

PANEL MOULD

D: 5/8" x 1-3/4" L: 16'
[PVC217]

BEAD BOARD

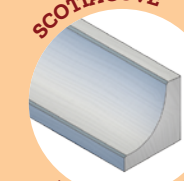

D: 1/2" x 5-1/8" L: 16'
[PVC004]

QUARTER ROUND

D: 3/4" x 3/4" L: 16'
[PVC105]

SCOTIA COVE

D: 3/4" x 3/4" L: 16'
[PVC93]

DRIP CAP

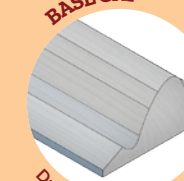

D: 11/16" x 1-5/8" L: 16'
[PVC197]

SHINGLE MOULD

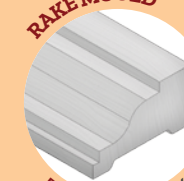

D: 11/16" x 1-5/8" L: 16'
[PVC210]

BASE CAP

D: 11/16" x 1-1/8" L: 16'
[PVC164]

RAKE MOULD

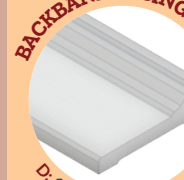

D: 1-1/16" x 2" L: 16'
[PVC287]

1-1/2" SQUARE

D: 1-1/2" x 1-1/2" L: 15' or 3'
[PVC236]

BACKBAND CASING

D: 1-3/16" x 4-1/2" L: 16'
[PVC0626]

ADAM'S CASING

BUILDING PRODUCTS

D = DIMENSIONS
L = LENGTHS AVAILABLE

Offer your customers long-lasting decorative mouldings, without sacrificing beauty, with the KOMA Collection of PVC-extruded mouldings.

Designed to complement KOMA's exterior trim products, the KOMA Collection of decorative PVC moulding is beautiful, flexible, paintable and versatile. KOMA PVC moulding (sometimes called plastic trim moulding), captures the natural look of wood; however, because it's extruded from cellular PVC, rather than machined from wood or wood composites, KOMA PVC moulding trim is much easier to maintain. KOMA PVC moulding also ensures greater uniformity and unmatched durability.

- ✓ Matte finish allows for one coat paint application
- ✓ Extruded (not machined) using the finest exterior grade cellular PVC material
- ✓ Minimal maintenance
- ✓ Not affected by rain, salt or insects
- ✓ Long-lasting beauty
- ✓ Fastens and installs like wood
- ✓ Competitively priced for best value
- ✓ Easy to cut, drill, rout, glue, nail or staple using common woodworking tools
- ✓ UV-resistant
- ✓ Ready to install, which saves time and labor
- ✓ Resistant to mold and mildew
- ✓ Compliments any building design
- ✓ No painting necessary (though they can be painted)
